Journal of Operations Management 19 (2001) 741–744

JOURNAL OF OPERATIONS MANAGEMENT

www.elsevier.com/locate/dsw

Cumulative contents of Volume 19

Volume 19, No. 1, January 2001

1 Editorial

5 Assessing the impact of the manufacturing executive's role on business performance through strategic alignment
K.E. Papke-Shields and M.K. Malhotra

23 Understanding managerial preferences in selecting equipment
G. Stading, B. Flores and D. Olson

39 The impact of total productive maintenance practices on manufacturing performance
K.E. McKone, R.G. Schroeder and K.O. Cua

59 Operations strategy in an emerging economy: the case of the Ghanaian manufacturing industry
K. Amoako-Gyampah and S.S. Boye

81 The production performance benefits from JIT implementation
R.R. Fullerton and C.S. McWatters

97 Concurrent engineering and its consequences
X. Koufteros, M. Vonderembse and W. Doll

117 Call for papers
119 Call for papers
121 Call for papers
123 Editorial philosophy
125 Guide for authors

Volume 19, No. 2, February 2001

129 Editorial
131 Introduction to the Special Issue

143 Change drivers in the new millennium: implications for manufacturing strategy research
C.H. St. John, A.R. Cannon and R.W. Pouder

161 The rediscovery of postponement: a literature review and directions for research
R.I. van Hoek

185 Arcs of integration: an international study of supply chain strategies
M.T. Frohlich and R. Westbrook

201 The impact of time-based manufacturing practices on mass customization and value to customer
Q. Tu, M.A. Vonderembse and T.S. Ragu-Nathan

Elsevier Science B.V.
PII: S0272-6963(01)00077-8

219 Integrating product mix and technology adoption decisions: a portfolio approach for evaluating advanced technologies in the automobile industry
L.O. Morgan and R.L. Daniels
239 Service design and operations strategy formulation in multicultural markets
M.E. Pullman, R. Verma and J.C. Goodale

255 Call for papers
257 Call for papers
259 Call for papers
261 Editorial philosophy
263 Guide for authors

Volume 19, No. 3, May 2001

269 Firm characteristics, total quality management, and financial performance
K.B. Hendricks and V.R. Singhal
287 Service quality along the supply chain: implications for purchasing
L.L. Stanley and J.D. Wisner
307 An evaluation of the relationship between management practices and computer aided design technology
M.K. Malhotra, M.L. Heine and V. Grover

Technical Note
335 A preliminary investigation of the relationships between employee motivation/vision, service learning, and perceived service quality
J.M. Hays and A.V. Hill

Conceptual Note
351 Supply networks and complex adaptive systems: control versus emergence
T.Y. Choi, K.J. Dooley and M. Rungtusanatham

Discipline Note
367 Perceived relevance and quality of POM journals: a decade later
S. Barman, M.D. Hanna and Lawrence LaForge R.

387 Call for papers
389 Editorial philosophy
391 Guide for authors

Volume 19, No. 4, July 2001

395 Announcement

397 Editorial – Hopes for the future of operations management
J.R. Meredith
403 An empirical test of the causal relationships in the Baldrige Health Care Pilot Criteria
S.M. Meyer and D.A. Collier

427 Generic manufacturing strategies: an empirical test of two configurational typologies
S. Devaraj, D.G. Hollingworth and R.G. Schroeder
453 The mediating role of operations knowledge in the relationship of context with performance
R. Germain, C. Dröge and W. Christensen
471 JIT purchasing and performance: an exploratory analysis of buyer and supplier perspectives
Y. Dong, C.R. Carter and M.E. Dresner
485 The effect of information technology on learning in professional service organizations
T. Boone and R. Ganeshan
497 Toward a measure of competitive priorities for purchasing
D.R. Krause, M. Pagell and S. Curkovic

513 Call for papers
515 Editorial philosophy
517 Guide for authors

Volume 19, No. 5, October 2001

521 Process-technology fit and its implications for manufacturing performance
A. Das and R. Narasimhan
541 A taxonomy of manufacturing strategies revisited
M.T. Frohlich and J. Robb Dixon
559 On the merits and pitfalls of critical chain scheduling
W. Herroelen and R. Leus
579 Operations safety: an assessment of a commercial aviation safety program
K.L. McFadden and B.S. Hosmane
593 The impact of purchasing integration and practices on manufacturing performance
R. Narasimhan and A. Das

611 Editorial philosophy
613 Guide for authors

Volume 19, No. 6, November 2001

617 Further evidence on the validity of the theoretical models underlying the Baldrige criteria
B.B. Flynn and B. Saladin
653 Beyond improved quality: the motivational effects of statistical process control
M. Rungtusanatham
675 Relationships between implementation of TQM, JIT, and TPM and manufacturing performance
K.O. Cua, K.E. McKone and R.G. Schroeder
695 Quality management practices and their relationship to buyer's supplier ratings: a study in the Korean automotive industry
S. Park, J.L. Hartley and D. Wilson

Methodology note

713 Experimental comparison of Web, electronic and mail survey technologies in operations management
R.D. Klassen and J. Jacobs

729 Call for papers
731 Editorial philosophy
733 Guide for authors
737 Author index
741 Cumulative contents
